## PROFILE SUMMARY

Seeking a software engineering role that allows me to utilize my 1.5+ years of engineering experience, innovative mindset, and problem-solving skills to help a company achieve its software development objectives.

## EDUCATION

- Graduate Certificate in Full Stack Software Development from Lambton College, Toronto, Canada (2023-2025)
- Bachelor of Technology (B. Tech) in Computer Science from CMRCET affiliated with JNTUH, Hyderabad, India (2017-2021)

## SKILLS

- Problem-solving
- Relational and NoSQL Database systems like MySQL, MongoDB
- Multitasking
- Communication
- Teamwork
- Attention to detail
- Git, GitHub
- C, C++, Python, Java
- Node.js and JS frameworks like React, Express
- VSC, MS Office Suite
- Windows, Linux and Unix
- HTML, CSS, Bootstrap, Tailwind
- Multitasking

## WORK EXPERIENCE

### FULL STACK WEB DEVELOPMENT INTERNSHIP | Edureka | SEP 2022 – MAY 2023

- Front-end development as well as back-end development which includes HTML, CSS, JS
- Created responsive web designs
- Used UI frameworks like Bootstrap, Tailwind
- Worked on JavaScript frameworks React, Node.js, Express and Next.js
- Progressive web apps and mobile-first design principles
- Integrating front-end and back-end technologies using JSON and XML
- CRUD (Create, Read, Update and Delete) operations using Databases
- MVC (Model View and Controller) and other design patterns
- Authentication and authorization mechanisms using tokens, sessions, or cookies
- Version control and collaboration with Git and GitHub

### ASSISTANT SYSTEM ENGINEER | TCS | SEPTEMBER 2021 – SEPTEMBER 2022

- Managed the entire lifecycle of SAP portal development, including documenting functional specs, technical specs, coding, unit testing, thread testing, system integration testing, and implementation
  - Provided daily production support and administration of portal operations, such as problem resolution, performance management, maintenance upgrades, and production migrations.
  - Collaborated with business analysts to define consistent project management practices during the requirements review phase and ensure products met the needs of stakeholders.
  - Developed custom application using SAP UI5 by consuming Odata ABAP service using MVC.
  - Implemented UI guidelines and standards throughout the development and maintenance of the website using HTML, CSS3 and JavaScript.
-
